

A man and a woman are standing in a large warehouse, looking at a tablet together. The man is wearing a white hard hat, a grey blazer, and khaki pants. The woman is wearing a pink blazer and black pants. They are surrounded by stacks of stone slabs in various colors and patterns. The warehouse has a high ceiling with exposed metal beams and industrial lighting.

WHO WE ARE

BORJ Trading Company was established in 2012 with the aim of selling marble and travertine which is manufactured in its own factories in Iran and all around the world. Borj Company is a collection of high-powered and professional specialists in commerce, including marketing, shipping and customs and, also top experts in stone industry.

By having various high-tech factories in the field of stone processing, this company has the possibility to present various types of stone (such as marble, travertine, granite) with the lowest price and the highest quality without any intermediary all over the world.

BORJ Company presents the world class quality products for which Iran has a major share in exporting to the internal and global market

DREAMS MADE REAL

NAHBANDAN GRANITE

The image displays three vertical slabs of Green Jaguar Granite. The granite has a dark, almost black, base color with a dense pattern of small, irregular, light green and yellowish-green spots and veins. The slabs are separated by thin, dark vertical lines, likely from the cutting process. The lighting is even, highlighting the texture and color variations of the stone.
