

Marble

**MARQUINA**

# NEGRO MARQUINA

Nero Marquina, also known as Negro Marquina or Nero Markina Marble, is a type of high demanded black marble. It is characterized by its deep black color with subtle white veining, which creates a striking contrast and adds a touch of elegance to any space. This exquisite marble is highly sought after in the world of construction, interior design, and architecture due to its luxurious appearance and versatility. Nero Marquina is often used for flooring, countertops, wall cladding, and decorative accents, adding a sophisticated and timeless aesthetic to both residential and commercial projects.

# ORIGIN

Negro Marquina Marble originates from the city of Najafabad in Isfahan province, Iran. Isfahan province is renowned for its rich geological formations and abundant marble resources. The city of Najafabad, in particular, is known for its high-quality black-colored marble. The marble quarries in this region have been a source of premium marble for many years, with the stone being used in various construction and decorative applications. The unique geological composition of the area contributes to the desirable characteristics of Nero Marquina Marble, such as its black color, fine texture, and durability. Due to its exceptional quality, Marquina Marble is highly regarded and sought after in the international market.

# HOW DURABLE IS NE MARKINA MARBLE?

Nero Marquina Marble is known for its durability and making it a popular choice for various applications.

# SIZES

Negro Marquina Marble is available in various sizes, allowing for flexibility in different applications. Here are some common sizes in which Negro Marquina Marble is available:

1. Tiles: Negro Marquina Marble tiles are commonly available in sizes such as 30x30, 30x60, 60x60 and 60x120 cm. These sizes are suitable for flooring, wall cladding, and smaller surface areas.
2. Slabs: Negro slabs typically come in larger sizes, which are ideal for countertops, vanity tops, and larger surface areas.
3. Custom Sizes: In addition to standard sizes, Negro Marquina Marble can also be custom-cut to fit specific project requirements. This allows for more flexibility in creating unique designs and accommodating different dimensions.

# FINISHES

Nero Marquina Marble is available in various finishes, including polished, honed, bush-hammered, and brushed. The polished finish gives it a glossy, reflective surface, while the honed finish provides a smooth, matte appearance. The brushed finish offers a textured look and feel.
