WHO ARE WE

Established in 2012, Borj Stone Corporation, operating as Estasazan Borj Sepano, is a pioneering manufacturer of natural stone. We transform mountain-sourced stone into exquisite products using cutting-edge technology, state-of-the-art equipment, and skilled professionals. Our comprehensive services cater to specific customer requirements, including consultation, sales, transportation, and after-sales support. As a leading exporter of premium Iranian blocks, tiles, and slabs, encompassing marble, granite, onyx, and travertine, we have gained industry expertise and recognition. Our diverse range of top-quality products caters to markets in Southeast Asia, the Middle East, and Europe, ensuring exceptional customer satisfaction. Our dedicated team provides reliable and professional services, from initial consultation to post-sales support. We are eager to serve you and fulfill your natural stone needs with our unparalleled products and personalized solutions.
